Bridge: **Am C**
Softer skin and a softer heart - Closer to You if we're worlds apart
Am C D
Softer skin and a softer heart - Closer to You if we're worlds apart

Rap: repeat the **Em C G D/F#** pattern throughout

This wasn't in my interest, this wasn't in my plan:
there was a blackness in my heart that resists the Son of Man
There was a tugging in my spirit to embrace the darker side,
but I couldn't and I wouldn't let my God be denied
So I opened up the Word - realized that You are right,
and the fire that is in You burns in me and helps me fight
All the evil messing with me and the cords that held me tight
But without the love of God in me I'd never see Your light

Em C G D
